

Product information*

AGRO HSQ

Description

AGRO HSQ is a special high-quality synthetic base engine oil for Husqvarna two-stroke engines. It is suitable for lubrication with a pre-prepared mixture and automatic mixing in the engine air intake. A special additive package ensures stable engine operation at high temperatures and with low quality petrol. It is intended for use in all types of two-stroke engines of garden equipment: lawn mowers, trimmers, motor cultivators, chain and circular saws, specialised forestry machinery and construction equipment.
